UNION LEASING CLIENT PORTAL OFFERS EASY ACCESS

The Union Leasing Client Portal allows for easy one stop access to help you better manage your fleet.

The portal allows fleet administrators easy access to reports from Vehicle Order Status, Plate listing, to the Overall Inventory Report. Also, if you are a Maintenance or Fuel Customer you can get easy access to the Preventative Maintenance report, Maintenance Charges and Fuel Detail reports.

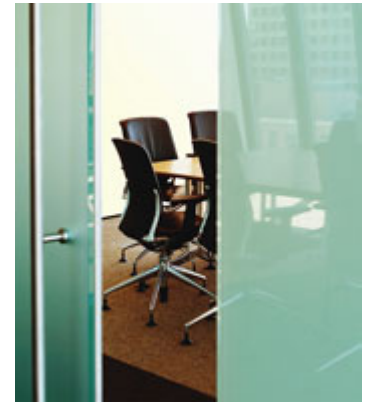

In addition to the reporting features the Client Portal also provides additional information including: Fair Market Values and Payoff amounts, stock locates, contact information and driver changes, plus much more.

Allow your accounting department access to the client portal and they will have direct access to pull down the current and historical invoices for your fleet.

To setup your account today visit the Union Leasing Client Portal web site at <http://login.unionleasing.com> and click on 'Request Site Access' or you can also contact your Client Services Account Manager and they will be more than happy to walk you through the process.

CHRYSLER TO ENTER HYBRID MARKET IN 2009

Chrysler will enter the Hybrid market in 2009 by introducing a new Chrysler Aspen HEMI Hybrid and a Dodge Durango HEMI Hybrid. Expect to see them arrive in showrooms mid-2008.

Both vehicles will be capable of towing 6,000 pounds, produce 385 hp with the electrically variable transmission and two hybrid modes of operation.

It's expected to deliver an overall fuel economy of more than 25%, with a boost of nearly 40% in city driving.

FORD MOTOR COMPANY: NEW SYNC FEATURES

Ford is announcing the addition of even greater SYNC functionality including:

- The introduction of a new "911 Assist" feature that will help drivers connect with emergency assistance in the event of an air bag deployment
- Availability for customers to generate individual Vehicle Health Reports, which can be e-mailed and printed or accessed via Syncmyride.com.

Ford is also introducing its new EcoBoost powertrain technology that is expected to improve fuel economy by 20 percent, reduce CO2 emissions by 15 percent and deliver superior driving performance versus larger displacement engines. This technology was showcased on a new Ford Explorer America concept vehicle at the Consumer Electronics Show (CES) in Las Vegas the week of Jan. 7, 2008.

Options Now Available for Order

- Remote Start (67R) is now available as an orderable option on the 2008 MY Ford Edge and Lincoln MKX.
- Cargo Privacy Cover (67) is now available as an orderable option on the 2008 MY Ford Edge.
- Remote Start (55S) & All-Weather Floor Mats (55M) are now available as orderable options on the 2008 MY Fusion, Mercury Milan and Lincoln MKX

CHEVROLET EXPRESS AND SAVANNA DELIVERY TIMES

A high volume of Chevrolet Express and GMC Savana orders were received during the holidays, and are in the process of being scheduled for production. As a result of the high demand, General Motors anticipates future longer delivery times. This will also limit the ability to expedite requests. Updates will be provided as they become available.
